

## Assignment 3

The dashboard provides a comprehensive overview of business performance, using a mix of metrics, charts, and visualizations. Here's a quick breakdown of what it includes:

### 1.Key Metrics:

- Total Sales: **1.18K**
- Average Customer Rating: **6.92**

### 2.Sales Insights by Product Line:

- A bar chart showing sales figures for categories like Fashion Accessories, Food and Beverages, and more.

### 3.Payment Method Analysis:

- Visualization of sales distribution by payment methods such as Cash, E-wallets, and Credit Cards.

### 4.Customer and Gender Breakdown:

- Analysis of sales by customer types and gender.

### **5. Cost and Income Analysis:**

- Pie chart detailing Cost of Goods Sold (COGS) versus gross income.

### **6. Branch and Sales Trends:**

- Line charts to showcase data by branches (A, B, C) and sales quantities.
